Dwarka Mod, New Delhi, India mhtgupta79@gmail.com +918130439406

PROFESSIONAL SUMMARY

Effective project leader and problem-solver with advanced programming skills and a hard-working mentality. Seeking to apply expertise and extensive experience in data science to take on a challenging new role with a growing team.

WORK EXPERIENCE

Myanalyticsmentor.com - Data Science Intern

(August 2018 - September 2018) > Used machine learning models for predicting the demand for crops in different states of Indian so that farmers can get the right price and value for their crops. Code link - <https://github.com/mohit79>

EDUCATION

Maharshi Dayanand University Rohtak Haryana India

B-Tech Computer Science (2015-2019) - 70% upto 6th semester.

PROJECTS

Kaggle competitions -

- 1: Titanic: Machine Learning from Disaster - Analyzed what sorts of people were likely to survive by applying the tools of machine learning to predict which passengers survived the tragedy.
- 2: Digit Recognizer(MNIST) - Correctly identified digits from a dataset of tens of thousands of handwritten images using computer vision, neural networks, SVM and KNN.
- 3: Santander Value Prediction Challenge -Correctly identified digits from a dataset of tens of thousands of handwritten images using computer vision, neural networks, SVM and KNN.
- 4: Predict Future Sales - Predicted total sales for every product and store in the following month using machine learning models

Individual/Academic -

- 5: Recommender System - Developed recommender systems using deep boltzmann machines and auto encoders models which recommends different movies according to the customers requirements.
- 6: Aibot - Developed an AI powered chatbot using deep natural language processing and seq2seq models.

Code for all projects - <https://github.com/mohit79>

SKILLS

Technical: Python, R programming, Java, Machine Learning, Image Processing, Artificial

Intelligence,natural language processing,,Statistics, Probability, Data Structures, Git, Microsoft Office Tools, Sql(learn), Tableau(learn), AWS, Google Cloud Platform

Professional: Teamwork, Communication, Team Leadership, Public speaking, Effective under pressure, Strong desire to learn and grow

ACHIEVEMENTS

1: Contributor tier programmer at kaggle competitions
